### **SUB: CALL FOR PROJECT PROPOSAL - TICKET TO LIFE PROJECT 2021.**

Dear Sir/Madam,

#### **Greetings from the Bharat Scouts and Guides!**

The Ticket to Life (TTL) Project is the flagship project of the Asia-Pacific Region. This project aims to enable children and young people in Especially Difficult Circumstances, ages 11 to 18 years from developing countries, develop a plan for their lives through Scouting that will prepare them to have a meaningful life as responsible adults.

The Bharat Scouts and Guides running two TTL troops currently sponsoring by Asia Pacific Region (APR). On the basis of their good performance, this year, Asia Pacific Region (APR) would like to be more inclusive and expand the project in India to the following categories of vulnerable youth, as follows:

1. **Street children and youth:** Street child or youth is "any girl or boy who has not reached adulthood, for whom the street (in the broadest sense of the word, including unoccupied dwellings, wasteland, etc.) has become her or his habitual abode and sources of livelihood, and who is inadequately protected, supervised or directed by responsible adults."
2. **Children and youth affected by conflict or disaster (Humanitarian Settings):** The impact of conflict, natural disasters and climate change is forcing children to flee their homes, trapping them behind conflict lines, and putting them at risk of disease, violence and exploitation.
3. **Refugees** are people who have fled war, violence, conflict or persecution and have crossed an international border to find safety in another country.
4. **Internally Displaced People (IDPs):** persons or groups of persons who have been forced or obliged to flee or to leave their homes or places of habitual residence, in particular as a result of or in order to avoid the effects of armed conflict, situations of generalized violence, violations of human rights or natural or human-made disasters, and who have not crossed an internationally recognized state border.
5. **Children and youth affected by HIV:** children and adolescents living with HIV
6. **Children and youth living with disabilities:** Persons with disabilities include those who have long-term physical, mental, intellectual or sensory impairments which in interaction with various barriers may hinder their full and effective participation in society on an equal basis with others.
7. **Orphan children and youth or in care of public or private authority:** A child or young person who has lost one or both parents. In some cases, children are taken from their families for their protection usually due to neglect by their families which may include sexual, physical or emotional abuse.

8. **Ethnic minorities:** An ethnic group generally share a common sense of identity and common characteristics such as language, religion, tribe, nationality, race or a combination thereof. The term "ethnic minority" generally refers to ethnic or racial groups in a given country in which they are in a non-dominant position vis-à-vis the dominant ethnic population.
9. **Children in conflict with the law who are in juvenile facilities/youth detention centres:** child and young offenders in the custody of the police or criminal justice institutions.
