SUB: CELEBRATION OF WORLD THINKING DAY (WTD) ON 22ND FEBRUARY, 2023.

Dear Sir/Madam,

Greetings from the Bharat Scouts and Guides, National Headquarters!

The theme for World Thinking Day 2023 is **"Our World, Our Peaceful Future"** let us celebrate it with full zeal and enthusiasm.

World Thinking Day has always been a time for Girl Guides and Girl Scouts to connect with and celebrate our global movement. It is also an opportunity to explore issues that are important to girls and young women and positively influence our world.

Using the knowledge gained from the previous year, we will work together to create a more peaceful and secure future for girls everywhere. Building on an understanding of the role climate change plays in disrupting global peace and security, we will focus on what we can learn from the environment to create a balanced and peaceful world. While peace in nature will look different for everyone, for the purpose of this pack, we will examine the different levels of relationships to nature - personal, communal, and global. For yourself, consider how you fit into the natural world and when you feel at peace with the environment. At a communal level, peace comes about by considering how to balance diverse needs and finding ways to work together to find a natural harmony that celebrates and respects differences. Around the globe, we must explore methods of stewardship and consideration of both the natural world and our fellow human beings. These different aspects of a peaceful environment can help us all achieve a world with a peaceful future.

The activity pack is enclosed for your ready reference.
